

RIYAN TIMBER & UPVC L.L.P.

World Class
HIGH UV Resistant
UPVC Window And Door Systems

Manufactured with **German technology**
Optimized for **Indian Weather**

RIYAN is a product brand of RIYAN TIMBER & UPVC . Our Door & Window Systems are engineered with precision and made as per INDIAN standards.

RIYAN's UPVC Door & Window Systems offers a lifetime of style, strength and security for residential and commercial applications.

RIYAN Door and Window Systems come in a range of customized designs for serving the customer with latest technology.

Best in class technology that makes stand apart

RIYAN Doors & Window Systems are made out of world renowned brand of additives formulation for its UPVC profiles. This enables **RIYAN** to deliver a profile system which is free from any kind of fading, warpage & cracking for a very long period.

High UV Resistant formulation

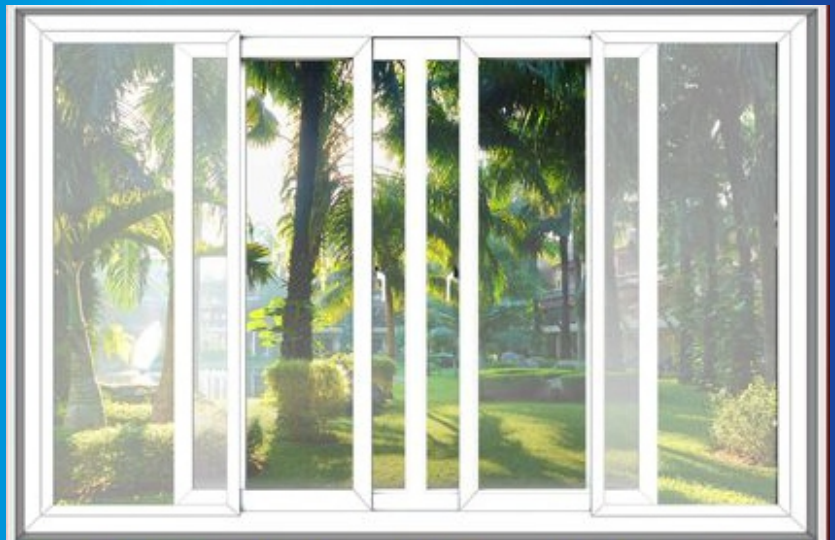

Titanium Dioxide is most UV resistant pigment. **RIYAN** is using High grade TiO₂ enhances profile stability and ability to protect from ultraviolet radiation.

- RIYAN profile technology offers durable and longer life profiles that are specially blended with anti oxident / UV Resistant additives
- RIYAN profiles are fire retardant
- Excelent surface finish and glossiness
- Profiles are completely protected against extreme weather conditions
- Molds are made as per German Design
- Excellent insulation property on heat, highly efficient sealing system with very effective non conductor of heat and sound
- Tested by CIPET Laboratory

RIYAN Casement window range is designed to provide the maximum flexibility for fabricator and customers alike. The system is based on a 60mm depth and 2.30mm outer wall thickness, which was designed to facilitate maximum application coverage with the minimum number of profile selections.
